

NEW

CR450 DIESEL CRUSHER

More
TORQUE

Powered by the Kubota 3 cylinder 19HP diesel engine which provides continuous power for bigger, longer, more challenging jobs.

More
ENDURANCE

The 450 x 205mm Hardox jaws crush even the hardest of materials for bigger and longer jobs, load after load, hour after hour.

More
STABILITY

A width of 970mm and a weight of under 1,500Kg combined with our own all-terrain tracks provide a sturdy, stable base for sustained crushing.
